ASSEMBLY TIPS

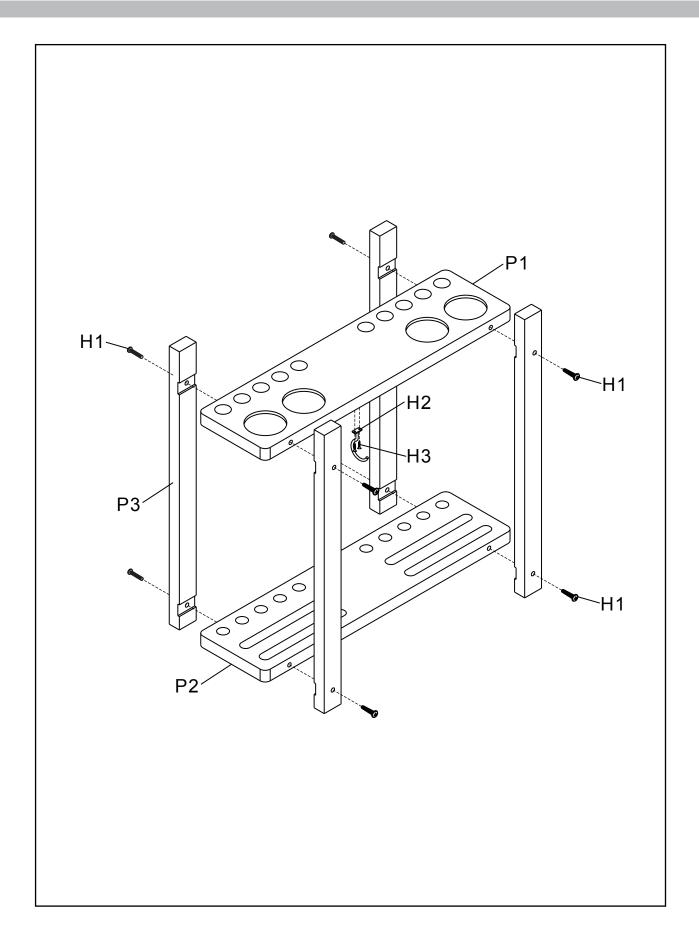

- 1. Find a clean, level surface to begin the assembly of your game table. We recommend that two adults work together to assemble this game. You may want to carefully cut or tear the four corners of the box so that the bottom of the box can be used as your work surface.
- 2. Remove all of the contents from box and verify that you have all of the parts shown on the Parts Identifier before you begin assembly. **Note: Some parts may be pre-installed or pre-assembled.**
- 3. Some figures or drawings may not look exactly like your product. Please read and understand the text before beginning each assembly step.
- 4. When installing parts that have more than one screw or bolt, hand tighten all screws or bolts in place before final tightening with screwdriver or wrench.
- 5. Electric screwdrivers may be helpful during assembly; however, please set a *low torque* and use extreme caution because screws may be stripped or overtightened, resulting in damaged parts, if the electric screwdriver's torque is set too high.

WARNINGS!

READ AND FOLLOW ALL ASSEMBLY, OPERATION AND SAFETY INSTRUCTIONS CAREFULLY.
