ADVERTENCIA: Mantenga toda llama y fuente de calor alejada de la tela de este toldo de protección solar.

Este toldo de protección solar CUMPLE con los requisitos de inflamabilidad de la CPAI-84. La tela de poliéster puede arder si permanece en contacto continuo con cualquier tipo de fuente de llama. La aplicación de cualquier tipo de sustancia extraña sobre la tela del toldo podría anular la eficacia de sus propiedades ignífugas.

Sun Shelter Assembly Instructions:

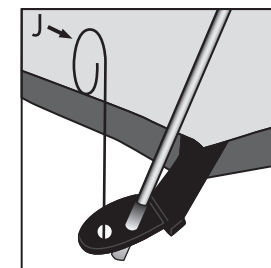

- 1- Unfold Sun Shelter and lay flat with front toward you.
- 2- Assemble all 3 poles by inserting ends into each other.
- 3- Insert one end of a short pole into the larger of the holes in support tab (B) and the other end into support tab (F). Repeat with second short pole inserting into support tabs (C) and (E)
- 4- Insert the end of the long pole into the larger of the 2 holes in support tabs (A) and (D).
- 5- Raise the long pole over the shelter and connect 2 clips, labeled (H) in diagram, to the pole. Refer to figures 6.1 and 6.2.
- 6- Raise the short poles up to meet the long pole and tie the short poles to the long poles using fabric ties (G).
- 7- Attach all remaining clips to poles. Refer to figures 6.1 and 6.2.
- 8- For increased stability place ground stakes (J) through the smaller holes in the black support tabs and drive into the ground.
